

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

## INDIANA MEDICAL LAW OF 1897, WITH AMENDMENTS OF 1899.

---

[Original law took effect April 14, 1897.]

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall hereafter be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided.

Sec. 2. After this law goes into effect, any person desiring to begin the practice of medicine, surgery or obstetrics in this State, shall procure from the State Board of Medical Registration and Examination a certificate that such person is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana; and in order to procure such certificate the applicant shall submit to the State Board of Medical Registration and Examination his diploma, with an affidavit setting forth the time and number of terms, duration of each term, applicant was required to be in attendance at said school in order to complete said course of study, and that the affiant is the person to whom such diploma issued. Such application shall be accompanied by the affidavit of two freeholders resident in the same county in which the applicant resides, stating that the applicant is the person named in the accompanying diploma and application for a certificate. All diplomas received by the Board shall be returned to the person owning the same, and for failure to return any diploma to its lawful owner within a reasonable time the secretary of said Board shall be liable on his bond for damages in the sum of twenty-five dollars (\$25). Such applicant shall pay to said Board the sum of ten dollars (\$10) at the time of making such application. All persons who were practicing medicine, surgery and obstetrics in the State of Indiana on March 8, 1897, and have not complied with the provisions of the law, and desiring to continue the same, shall, on or before July

11, 1899, obtain a certificate that they are entitled to do so by presenting to the State Board of Medical Registration and Examination the license possessed by them at the time of the passage of this law, together with an affidavit that they are the legal possessors of the same, and the persons mentioned therein, and such applicant shall pay to the Board the sum of one dollar (\$1) at the time of making such application. The Board shall thereupon issue to such applicant a certificate, which when presented to the County Clerk of the proper county, shall entitle the holder to a license to practice medicine, surgery and obstetrics in the State of Indiana. In the event an applicant for a certificate from the State Board of Medical Registration and Examination shall present a diploma from a medical college which is not recognized as maintaining a sufficiently high grade or standard of medical education as defined and fixed in the records of the Board, the applicant shall have the privilege of being examined as to his qualifications to practice medicine, surgery and obstetrics in such manner as the Board shall provide, and if he shall pass an examination satisfactory to the Board he shall receive a certificate, the same as if he had presented a satisfactory diploma and other evidences of qualifications for the practice of medicine. But if he should fail to pass such examination he shall be permitted to submit to another examination within twelve months from the time of the first examination. He shall pay to the State Board of Medical Registration and Examination the sum of twenty-five dollars (\$25): Provided, however, That payment of said sum of twenty-five dollars (\$25) shall entitle him to a re-examination in case of failure at the first or any subsequent examination: And provided further, That if such applicant shall fail to pass the examination prescribed by such Board of Medical Registration and Examination, he shall have the right to an appeal to the Circuit or Superior Court of the proper county, requiring such Board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Indiana, upon the applicant giving a good and satisfactory bond to be approved by the court, to secure all costs of suit should the appeal be determined against him. Upon the receipt of the certificate by the applicant from the State Board of Medical Registration and Examination, the applicant shall, upon the presentation thereof to the Clerk of the county in which he resides, receive from the

County Clerk a license to practice medicine, surgery and obstetrics within the State of Indiana. The person receiving such license shall pay to the County Clerk fifty cents (\$0.50) as his fee for issuing and recording such license as hereinafter provided. In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside, by filing with the County Clerk the license obtained by him in the county in which he last resided, in the same manner as provided for on the presentation of his certificate from the State Board of Medical Registration and Examination, and the Clerk shall issue him a new license.

Sec. 3. It shall be the duty of the Clerk of the county in which an applicant resides to issue to the person presenting such certificate, as hereinbefore provided for, a license under his official seal in the following form:

State of Indiana, County of....., ss.:

I, ....., Clerk of the Circuit Court of .....County, in the State of Indiana, do hereby certify that.....has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics in the county and State aforesaid.

Witness my hand and the seal of said Court this .....day of ....., 189..

....., Clerk.

The County Clerk shall enter of record the name, age, place of birth, address, school or system of medicine to which said applicant belongs, and the person so registering shall subscribe to and verify by oath before such Clerk an affidavit concerning such facts, which, if wilfully false, shall subject the affiant to conviction for perjury. The County Clerk shall furnish annually, on the first day of January, to the State Board of Medical Registration and Examination, upon blanks furnished by said Board, a duplicate list of all certificates received and licenses issued by him during the preceding year, and shall include therein the date of issue of said license, and the name, age and residence of the person receiving the same.

Sec. 4. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Indiana to appoint a State Board of Medical Registration and Examination, composed

of five (5) members, who shall serve, two for one year, one for two years, one for three years and one for four years; and their successors for a term of four years each. No school or system of medicine shall have a majority representation on such Board. Said Board shall be non-partisan, and not more than three shall be members of any one political party. The Governor shall select members of said Board of Medical Registration and Examination from reputable physicians in this State who are graduates of any college of medicine of good repute: Provided, That no professor or teacher in a medical college shall be appointed as a member of such Board: Provided, further, That each of the four schools or systems of medicine having the largest numerical representation in the State shall have at least one representative on said Board. Should a vacancy occur in said Board by death, resignation, removal, or otherwise, then it shall be the duty of the Governor to fill the vacancy from the school or system entitled to representation by virtue of such vacancy. The Governor shall have power to remove any member of said Board for incompetency, gross immorality, for any abuse of his official power, or for other good cause, and may fill any vacancy thus occasioned by appointment. Any person appointed to fill any vacancy on such Board, whether occasioned by death, resignation, removal or otherwise, shall hold for the unexpired term of the member whose place he is appointed to fill.

Sec. 5. It shall be the duties of the members of the State Board of Medical Registration and Examination to meet in the city of Indianapolis within thirty days after their appointment, and organize by the election of a President, Secretary and Treasurer, who shall serve until the second Tuesday in January following, and their successors shall be elected on the second Tuesday in January annually thereafter. The said Board shall hold regular meetings on the second Tuesday in January and July of each year, and as often in addition as may be necessary for the transaction of such business as may properly come before it under the provisions of this act, and shall have power to make all necessary rules and regulations for the transaction of its business. For their services the members shall receive the sum of six dollars (\$6) per day, and their traveling expenses necessarily incurred in the attendance upon the business of said Board. It shall be the duty of the Secretary of said Board to keep a record of all applications for certifi-

cates, and such record shall contain all the facts set forth in such applications, including the action of the Board thereon, and shall execute all orders of said Board, and the Secretary shall have for such service the sum of two hundred and fifty dollars (\$250) per annum, to be paid from the funds of said Board, and said Board may employ a clerk, and fix his salary at not more than five hundred dollars (\$500) per annum. It shall be the duty of the Treasurer of said Board to pay quarterly all moneys received by the Board to the Treasurer of the State, which moneys shall be credited to a separate and permanent fund for Medical Registration and Examination, which is hereby created. All moneys so paid to the Treasurer of State shall remain and be a separate and permanent fund for the maintenance of the said Board of Registration and Examination. The said Board shall, by its President and Secretary, from time to time, certify to the Auditor of State, the necessary expenses incurred by the said Board, including the salaries and per diem of the members, and the Auditor shall issue his warrant for the same, which shall be paid out of the fund so established for the maintenance of the said Board: Provided, That no order shall be drawn by any State official on any fund other than the above-named fund for any salaries of the Board incident to the administration of this act. The Treasurer and Secretary of said Board shall each give bond in the sum of five thousand dollars (\$5,000) with sureties to be approved by the Governor, which bonds shall be filed with the Auditor of State. The members of the State Board of Medical Registration and Examination are authorized to administer oaths in matters relating to the discharge of their official duties. The State Board of Medical Registration and Examination is charged with the duty of enforcing this act, and it shall be the duty of the Prosecuting Attorney, upon the complaint of the Board, to prosecute any violation of this act. The State Board of Medical Registration and Examination shall from time to time establish and record in a record, kept by them for that purpose, a schedule of the minimum requirements which must be complied with by applicants for examination for license to practice medicine, surgery and obstetrics, before they shall be entitled to receive such license. The said Board shall also, in like manner establish and cause to be recorded in such record a schedule of the minimum requirements and rules for the recognition of medical

colleges, so as to keep these requirements up to the average standard of medical education in other States. After the year 1897 no change shall be made in such schedules of requirements in any year after the month of January of such year, nor shall any change be made to have any retroactive effect, or that shall affect students theretofore matriculated. Such record shall at all times be open to examination by the public, and the said schedules of requirements, after they have been established and recorded, and all changes made therein, shall be printed in circular form, and mailed to all medical colleges in the State, and shall also be furnished to any person upon application. Said Board shall not, in the establishment of the aforesaid schedules of requirements, discriminate for or against any school or system of medicine, nor shall it prescribe what system or systems of schools of medicine shall be taught in any of the colleges, universities or other educational institutions of the State. It shall have power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other States, and to prevent unjust and arbitrary exclusions by other States of graduates in medicine from this State who have filled its requirements. When an application for a certificate is made, and a diploma submitted, as herein provided, it shall be the duty of the State Board of Medical Registration and Examination to determine, upon the evidence presented, whether such diploma rightfully belongs to and was issued to the person making application for a certificate, and whether the medical college that issued the diploma maintains a standard of medical education conforming to that fixed by the State Board of Medical Registration and Examination, and whether the application otherwise complies with the rules of the Board. If these facts are shown by competent evidence, it shall be the duty of the State Board of Medical Registration and Examination to issue a certificate signed by its President and Secretary, and under its official seal, stating that the person applying for such certificate and possessing such diploma is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana. The Board at its discretion may authorize the Secretary to issue a temporary permit to an applicant, for the interim from date of application until the next regular meeting of the Board. The State Board of Medical Registration and Examination shall have the right to review the

evidence upon which a license has been obtained, and if it shall be found that a license has been obtained by fraud or misrepresentation, the Board may revoke such license. The Board may refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the use of liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery, and may, after notice and hearing, revoke a certificate for like cause. An appeal may be taken from the action of the Board. If any person holding a license under the provisions of this act shall be guilty of any of the above enumerated acts, the license of such person may be revoked by the Board, upon the finding and judgment as hereinbefore provided that the holder thereof has been guilty of any of the above enumerated acts. A specific written charge, verified by affidavit, must be presented to the Board, making definite and specific charges of such offense against the holder of such license. It shall thereupon be the duty of the Board to refer such verified charge to the Circuit Court of the county in which the holder of such license resides. The Clerk of such court shall thereupon docket the same as a cause pending in said court. The said verified charge shall be treated as a complaint, and summons shall issue thereupon to the accused, as in ordinary civil cases. The accused may appear and plead to said charge and issues may be formed thereon, as in civil cases, which shall thereupon be tried by the Judge of said Circuit Court. It shall be the duty of the Prosecuting Attorney of said Circuit to appear in such causes and represent the Board. The only finding and judgment in such cases shall be guilty or not guilty as to each charge. The judgment of the court upon such charges shall be at once certified to the Board by the Clerk of said court. If the finding of the court is "guilty" as to any one of said charges, said Board may thereupon make an order revoking such license. If judgment of "guilty" is awarded in such cause, the costs of such proceeding shall be recovered of the accused and a fee of ten dollars shall be taxed therein in favor of the Prosecuting Attorney.

Sec. 6. All persons practicing midwifery in this State, and who have practiced it for ten years last preceding March 8, 1897, and desiring to continue the same shall, on or before July 11, 1899, make application to the State Board of Medical Registration and Examination by submitting an affidavit, fully attested, giving

the name, age, residence, the length of time during which, and the place or places at which the applicant has been engaged in such practice, and the special education, if any, which the applicant has received for such practice. Such application shall be accompanied by the affidavits of two freeholders, duly attested, that the applicant is known to them as the person applying for a certificate to practice midwifery, and that such applicant has been engaged in the active practice of midwifery, giving the location or locations of such practice for the last ten (10) years previous to the passage of this act. Upon such application and the payment of one dollar (\$1) the State Board of Medical Registration and Examination shall issue to the applicant a certificate which shall, when presented to the County Clerk, entitle the holder to a license to practice midwifery in this State. All persons desiring to enter upon the practice of midwifery in this State after this law goes into effect shall present to the State Board of Medical Registration and Examination their diplomas, duly attested, and procured from an obstetrical school of such standing as shall be recognized and determined by the Board. Such applicant shall pay to said Board the sum of five dollars (\$5) at the time of making such application; or such applicant shall submit to an examination in midwifery as the Board shall require, and pay a fee of ten dollars (\$10). Such evidence of qualification being satisfactory to the Board, it shall issue a certificate entitling the holder to a license from the Clerk of the county in which the applicant resides, which license shall entitle the holder to practice midwifery in this State. The license thus issued shall conform to all requirements of registration imposed upon physicians' licenses in section two of this act and shall be subject to revocation for the same cause as provided in section five in case of license to physicians.

Sec. 7. Nothing in this act shall be (so) construed as to discriminate against any school or system of medicine, or to prohibit gratuitous services in cases of emergency, or to the administration of family remedies. This act shall not apply to any commissioned officer of the United States Army, Navy or Marine Hospital service in the discharge of his official duties; nor to any physician or surgeon who is legally qualified to practice in the State or Territory in which he resides when in actual consultation with a legal practitioner of this State; nor to any physician or surgeon residing

on the border of a neighboring State and duly authorized to practice under the laws thereof, whose practice extends into the limits of this State: Provided, That such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. This act shall not be construed to prevent medical students from practicing medicine and surgery under the immediate and direct supervision of a licensed physician for a limited period of two years: Provided, however, That the said student had not practiced medicine, surgery or obstetrics prior to the passage of this act; in the event the amount of time said student has practiced medicine, surgery or obstetrics shall be deducted from the said two years herein mentioned; and in no event shall the said student open an office or offer to engage in the practice of medicine, surgery or obstetrics. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall subject the offender to a fine of not less than twenty-five dollars (\$25) nor more than two hundred dollars (\$200).

Sec. 8. To open an office for such purpose or to announce to the public in any way a readiness to practice medicine in any county of the State, or to prescribe for, or to give surgical assistance to those suffering from disease, injury or deformity, shall be to engage in the practice of medicine within the meaning of this act.

Sec. 9. Any person who shall practice medicine, surgery or obstetrics in this State without having a license duly issued as hereinbefore provided, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars (\$25) nor more than two hundred dollars (\$200).

Sec. 10. All laws and parts of laws in conflict with this act are hereby repealed, and also an act entitled "An act regulating the practice of medicine, surgery and obstetrics, providing for the issuing of license to practice, defining certain misdemeanors and providing penalties," approved April 11, 1885, and all amendments thereto be and the same are hereby repealed.

Additional Section. Twelve hundred copies of the annual report of the Board to the Governor shall be printed in the same manner as is the report of the State Board of Health; and the printing and stationery of the Board shall be paid out of the printing fund.

**INDIANA MEDICAL LAW OF 1897, WITH AMEND-  
MENTS OF 1899 AND 1901.**

---

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall hereafter be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided.

Sec. 2. After this law goes into effect, any person desiring to begin the practice of medicine, surgery or obstetrics in this State, shall procure from the State Board of Medical Registration and Examination a certificate that such person is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana; and in order to procure such certificate the applicant shall submit to the State Board of Medical Registration and Examination his diploma, with an affidavit setting forth the time and number of terms, duration of each term, applicant was required to be in attendance at said school in order to complete said course of study, and that the affiant is the person to whom such diploma was issued. Such application shall be accompanied by the affidavit of two freeholders resident in the same county in which the applicant resides, stating that the applicant is the person named in the accompanying diploma and application for a certificate. All diplomas received by the Board shall be returned to the person owning the same, and for failure to return any diploma to its lawful owner within a reasonable time the secretary of said Board shall be liable on his bond for damages in the sum of twenty-five dollars (\$25). Such applicant shall pay to said Board the sum of ten dollars (\$10) at the time of making such application. All persons who were practicing medicine, surgery and obstetrics in the State of Indiana on March 8, 1897, and have not complied with the provisions of the law, and desiring to continue the same, shall, on or before July 11, 1899, obtain a certificate that they are entitled to do so by

## INDIANA MEDICAL LAW OF 1897, WITH AMENDMENTS OF 1899 AND 1901.

---

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall hereafter be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided.

Sec. 2. After this law goes into effect, any person desiring to begin the practice of medicine, surgery or obstetrics in this State, shall procure from the State Board of Medical Registration and Examination a certificate that such person is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana; and in order to procure such certificate the applicant shall submit to the State Board of Medical Registration and Examination his diploma, with an affidavit setting forth the time and number of terms, duration of each term, applicant was required to be in attendance at said school in order to complete said course of study, and that the affiant is the person to whom such diploma was issued. Such application shall be accompanied by the affidavit of two freeholders resident in the same county in which the applicant resides, stating that the applicant is the person named in the accompanying diploma and application for a certificate. All diplomas received by the Board shall be returned to the person owning the same, and for failure to return any diploma to its lawful owner within a reasonable time the secretary of said Board shall be liable on his bond for damages in the sum of twenty-five dollars (\$25). Such applicant shall pay to said Board the sum of ten dollars (\$10) at the time of making such application. All persons who were practicing medicine, surgery and obstetrics in the State of Indiana on March 8, 1897, and have not complied with the provisions of the law, and desiring to continue the same, shall, on or before July 11, 1899, obtain a certificate that they are entitled to do so by

presenting to the State Board of Medical Registration and Examination the license possessed by them at the time of the passage of this law, together with an affidavit that they are the legal possessors of the same, and the persons mentioned therein, and such applicant shall pay to the Board the sum of one dollar (\$1) at the time of making such application. The Board shall thereupon issue to such applicant a certificate, which, when presented to the County Clerk of the proper county, shall entitle the holder to a license to practice medicine, surgery and obstetrics in the State of Indiana. In the event an applicant for a certificate from the State Board of Medical Registration and Examination shall present a diploma from a medical college which is not recognized as maintaining a sufficiently high grade or standard of medical education as defined and fixed in the records of the Board, the applicant shall have the privilege of being examined as to his qualifications to practice medicine, surgery and obstetrics in such manner as the Board shall provide, and if he shall pass an examination satisfactory to the Board he shall receive a certificate, the same as if he had presented a satisfactory diploma and other evidences and qualifications for the practice of medicine. But if he should fail to pass such examination he shall be permitted to submit to another examination within twelve months from the time of the first examination. He shall pay to the State Board of Medical Registration and Examination the sum of twenty-five dollars (\$25): Provided, however, That payment of said sum of twenty-five dollars (\$25) shall entitle him to a re-examination in case of failure at the first or any subsequent examination: And provided further, That if such applicant shall fail to pass the examination prescribed by such Board of Medical Registration and Examination, he shall have the right to an appeal to the Circuit or Superior Court of the proper county, requiring such Board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Indiana, upon the applicant giving a good and satisfactory bond to be approved by the court, to secure all costs of suit should the appeal be determined against him. Upon the receipt of the certificate by the applicant from the State Board of Medical Registration and Examination, the applicant shall, upon the presentation thereof to the Clerk of the county in which he resides, receive from the County Clerk a license to practice medicine, surgery and ob-

stetrics within the State of Indiana. The person receiving such license shall pay to the County Clerk fifty cents (\$0.50) as his fee for issuing and recording such license, as hereinafter provided. In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside, by filing with the County Clerk the license obtained by him in the county in which he last resided, in the same manner as provided for on the presentation of his certificate from the State Board of Medical Registration and Examination, and the Clerk shall issue him a new license. (As amended March 3, 1899, Acts 1899, p. 247.)

Sec. 3. It shall be the duty of the Clerk of the county in which an applicant resides to issue to the person presenting such certificate, as hereinbefore provided for, a license under his official seal in the following form:

State of Indiana, County of .....ss.:

I, .....Clerk of the Circuit Court of ..... county, in the State of Indiana, do hereby certify that.....has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics in the county and State aforesaid.

Witness my hand and seal of said court this.....day of ..... , 189....

.....Clerk.

The County Clerk shall enter of record the name, age, place of birth, address, school or system of medicine to which said applicant belongs, and the person so registering shall subscribe to and verify by oath before such Clerk an affidavit concerning such facts, which, if wilfully false, shall subject the affiant to conviction for perjury. The County Clerk shall furnish annually, on the first day of January, to the State Board of Medical Registration and Examination, upon blanks furnished by said Board, a duplicate list of all certificates received and licenses issued by him during the preceding year, and shall include therein the date of issue of said license, and the name, age and residence of the person receiving the same.

Sec. 4. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Indiana to appoint a State Board of Medical Registration and Examination, composed

of five (5) members, who shall serve, two for one year, one for two years, one for three years and one for four years; and their successors for a term of four years each. No school or system of medicine shall have a majority representation on such board. Said Board shall be nonpartisan, and not more than three shall be members of any one political party. The Governor shall select members of said Board of Medical Registration and Examination from reputable physicians in this State who are graduates of any college of medicine of good repute: Provided, That no professor or teacher in a medical college shall be appointed as a member of such Board: Provided, further, That each of the four schools or systems of medicine having the largest numerical representation in the State shall have at least one representative on said Board. Should a vacancy occur in said Board by death, resignation, removal or otherwise, then it shall be the duty of the Governor to fill the vacancy from the school or system entitled to representation by virtue of such vacancy. The Governor shall have power to remove any member of said Board for incompetency, gross immorality, for any abuse of his official power, or for other good cause, and may fill any vacancy thus occasioned by appointment. Any person appointed to fill any vacancy on such Board, whether occasioned by death, resignation, removal or otherwise, shall hold for the unexpired term of the member whose place he is appointed to fill.

Sec. 5. It shall be the duty of the members of the State Board of Medical Registration and Examination to meet in the city of Indianapolis within thirty days after their appointment, and organize by the election of a President, Secretary and Treasurer, who shall serve until the second Tuesday in January following, and their successors shall be elected on the second Tuesday in January annually thereafter. The said Board shall hold regular meetings on the second Tuesday in January and July of each year, and as often in addition as may be necessary for the transaction of such business as may properly come before it under the provisions of this act, and shall have power to make all necessary rules and regulations for the transaction of its business.

For their services the members shall receive the sum of six dollars (\$6) per day, and their traveling expenses necessarily incurred in the attendance upon the business of said Board. It shall be the duty of the Secretary of said Board to keep a record of all applications

for certificates, and such record shall contain all the facts set forth in such application, including the action of the Board thereon, and shall execute all orders of said Board, and the Secretary shall have for such service the sum of two hundred and fifty dollars (\$250) per annum, to be paid from the funds of said Board, and said Board may employ a clerk, and fix his salary at not more than five hundred dollars (\$500) per annum.

It shall be the duty of the Treasurer of said Board to pay quarterly all moneys received by the Board to the Treasurer of State, which moneys shall be credited to a separate and permanent fund for medical registration and examination, which is hereby created. All moneys so paid to the Treasurer of State shall remain and be a separate and permanent fund for the maintenance of the said Board of Registration and Examination. The said Board shall, by its President and Secretary, from time to time, certify to the Auditor of State the necessary expenses incurred by the said Board, including salaries and per diem of the members, and the Auditor shall issue his warrant for the same, which shall be paid out of the fund so established for the maintenance of the said Board: Provided, That no order shall be drawn by any State official on any fund other than the above named fund for any salaries of the Board incident to the administration of this act.

The Treasurer and Secretary of said Board shall each give bond in the sum of five thousand dollars (\$5,000), with sureties to be approved by the Governor, which bonds shall be filed with the Auditor of State. The members of the State Board of Medical Registration and Examination are authorized to administer oaths in matters relating to the discharge of their official duties. The State Board of Medical Registration and Examination is charged with the duty of enforcing this act, and it shall be the duty of the Prosecuting Attorney, upon the complaint of the Board, to prosecute any violation of this act.

It shall also be the duty of the grand jury of the proper county to investigate all violations of this act and return indictments therefor in proper cases, and it shall be the duty of the Prosecuting Attorney to prosecute violations of this act by information whenever a proper affidavit is filed by any one, as in other cases of violations of the law; or to prosecute offenders before the Justice of the Peace in proper cases.

The State Board of Medical Registration and Examination shall, from time to time, establish and record, in a record kept by them for that purpose, a schedule of the minimum requirements which must be complied with by applicants for examination for license to practice medicine, surgery and obstetrics, before they shall be entitled to receive such license. The said Board shall also, in like manner, establish and cause to be recorded in such record a schedule of the minimum requirements and rules for the recognition of medical colleges, so as to keep these requirements up to the average standard of medical education in other States. After the year 1897 no change shall be made in such schedules of requirements in any year after the month of January of each year, nor shall any change be made to have any retroactive effect, or that shall affect students theretofore matriculated. Such record shall be at all times open to examination by the public, and the said schedules of requirements, after they have been established and recorded, and all changes made therein, shall be printed in circular form, and mailed to all medical colleges in the State, and shall also be furnished to any person upon application. Said Board shall not, in the establishment of the aforesaid schedule of requirements, discriminate for or against any school or system of medicine, nor shall it prescribe what system or systems or schools of medicine shall be taught in any of the colleges, universities or other educational institutions of the State.

It shall have power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other States, and to prevent unjust and arbitrary exclusions by other States of graduates in medicine from this State who have fulfilled its requirements. When an application for a certificate is made, and a diploma submitted, as herein provided, it shall be the duty of the State Board of Medical Registration and Examination to determine, upon the evidence presented, whether such diploma rightfully belongs to and was issued to the person making application for a certificate, and whether the medical college that issued the diploma maintains a standard of medical education conforming to that fixed by the State Board of Medical Registration and Examination, and whether the application otherwise complies with the rules of the Board.

If these facts are shown by competent evidence, it shall be the duty of the State Board of Medical Registration and Examination to issue a certificate, signed by its President and Secretary, and under its official seal, stating that the person applying for such certificate and possessing such diploma is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana: Provided, Said application shall be filed prior to January 1, 1905: And provided, further, Said applicant shall have, prior to January 1, 1901, matriculated in a reputable medical college in Indiana, maintaining a standard of medical education conforming to that fixed by said Board, and shall have graduated from said college and received his diploma therefrom, prior to January 1, 1905. Except, as last above provided, no certificate shall be issued to any person whomsoever until he shall have satisfied the said Board that he has graduated at a reputable medical college as in this section set forth, maintaining a standard of medical education as above prescribed, and shall have passed before said Board a satisfactory examination as to his qualifications to practice medicine, surgery and obstetrics. Such examination shall be had upon payment of the same fees and upon the same terms and conditions as are provided in Section 1 of said act, approved March 8, 1897, but the applicant shall have the right to designate, in writing, at the time he files his application, the member of the Board who shall conduct his first examination in materia medica, therapeutics, theory and practice of medicine, surgery, obstetrics and gynecology.

The Board at its discretion may authorize the Secretary to issue a temporary permit to an applicant for the interim from date of application until the next regular meeting of the Board. The State Board of Medical Registration and Examination shall have the right to review the evidence upon which a license has been obtained, and if it shall be found that a license has been obtained by fraud or misrepresentation, the Board may revoke such license. The Board [may] refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the use of liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery.

If any person holding a license under the provisions of this act shall be guilty of any of the above enumerated acts or shall have procured a certificate or license by fraud or misrepresentation, said

Board may, after notice and hearing, revoke any license which has heretofore been or may hereafter be issued to him, together with the certificate upon which such license has been or may be issued.

A specific written charge, verified by affidavit, must be presented to the Board, making definite and specific charges of such facts against the holder of such license. The Board shall thereupon fix a time and place for the hearing of such charges, at which the person charged may appear and defend against the same. A copy of such charges, together with a notice of the time and place fixed for the hearing, shall be served upon the person so charged at least twenty (20) days before the time set for the hearing of the same. If, after such hearing, the Board revokes such certificate and license, such order shall be by said Board entered upon its record. A copy of such order of revocation, certified by the Secretary of such Board, shall be by it at once delivered to the Clerk of the Circuit Court of the county in which such license was issued, and such Clerk shall record the same upon the margin of the record of such license. If the Board shall refuse to grant a certificate for any of the reasons above stated, it shall enter such refusal upon its record, together with a statement of the grounds for such refusal. An appeal may be taken from the action of the Board to the Circuit or Superior Court of the county in which such license was issued in case of revocation, and to the county where the applicant lives in case of a refusal of a certificate, upon the licensee or applicant filing with the Clerk of such court, within thirty days from the entering of such order of revocation or refusal by said Board, a good and sufficient bond in the sum of two hundred dollars (\$200), to be approved by said Clerk, to secure the payment of costs of such appeal, should the appeal be determined against him. It shall thereupon be the duty of such Clerk to notify the said Board of the filing of such bond, and said Board shall thereupon forward to said Clerk the charges, together with a copy of the order of revocation, where there has been a revocation, or the application for a certificate and a copy of the order of refusal where there has been a refusal to grant a certificate. The Clerk of said court shall thereupon docket the same as a cause pending in said court. Said verified charges shall be treated as a complaint. The accused may plead to said charges and issues may be formed thereon as in any civil case, and the same shall thereupon be tried by the Judge of

the Circuit Court. It shall be the duty of the Prosecuting Attorney of the circuit to which said county belongs to appear in such case and represent the Board. The only finding and judgment in such cases shall be "guilty" or "not guilty," the same to be rendered separately as to each of the charges. If the finding and judgment of the court be "not guilty" as to each of said charges, the same shall be by the Clerk of said court certified to said Board, and it shall thereupon make an order setting aside its order of revocation, and forward to the Clerk of said court a certified copy thereof, which shall be entered upon the margin of the record of said license. If judgment of "guilty" of any of said charges be awarded in said case, the costs of such proceedings shall be recovered of the accused and a fee of ten dollars (\$10) shall be taxed therein in favor of the Prosecuting Attorney, and the order of revocation made by said Board shall be and remain in effect. During the pendency of such appeal the accused shall not be entitled to practice by virtue of such license. Where the appeal is from a refusal to grant a certificate, the same shall be heard upon the application and certified copy of the order of refusal without any other issues; the same to be tried by the Judge of said court, who shall, upon his finding, enter a judgment that the license shall or shall not be issued as the facts may require, and upon such order the Clerk of such court shall issue the proper license showing therein the authority by which it is issued, and shall report the same to the State Board. The Prosecuting Attorney shall represent the Board in such appeal, and if the court shall refuse the license judgment shall be entered against the applicant for costs, including ten dollars (\$10) fee for the Prosecuting Attorney. Appeals from the judgment of said court may be prosecuted to the Supreme Court as in other civil cases, either by said Board in its own name or by the applicant or holder of such license or certificate, where the judgment may be against him. No fees other than the fees of its own witnesses shall be taxed against said Board in any event. Where the applicant shall appeal from a refusal to grant a certificate, the cause shall be docketed in the name of the applicant against the State Board of Medical Registration and Examination. Where the license or certificate shall have been revoked, the cause shall be entitled The State Board of Medical Registration and Examina-

tion against A B (the holder of the license). (As amended March 11, 1901.)

This section has been twice construed by the Supreme Court.

State v. Webster, 150 Ind. 607;

In re. Application of Eliza E. Coffin, 152 Ind. 439.

Sec. 6. All persons practicing midwifery in this State, and who have practiced it for ten years last preceding March 8, 1897, and desiring to continue the same shall on or before July 11, 1899, make application to the State Board of Medical Registration and Examination by submitting an affidavit, fully attested, giving the name, age, residence, the length of time during which, and the place or places at which the applicant has been engaged in such practice, and the special education, if any, which the applicant has received for such practice. Such application shall be accompanied by the affidavits of two freeholders, duly attested, that the applicant is known to them as the person applying for a certificate to practice midwifery, and that such applicant has been engaged in the active practice of midwifery, giving the location or locations of such practice for the last ten (10) years previous to the passage of this act. Upon such application and the payment of one dollar (\$1) the State Board of Medical Registration and Examination shall issue to the applicant a certificate which shall, when presented to the County Clerk, entitle the holder to a license to practice midwifery in this State. All persons desiring to enter upon the practice of midwifery in this State after this law goes into effect shall present to the State Board of Medical Registration and Examination their diplomas, duly attested, and procured from an obstetrical school of such standing as shall be recognized and determined by the Board. Such applicant shall pay to said Board the sum of five dollars (\$5) at the time of making such application; or such applicant shall submit to an examination in midwifery as the Board shall require, and pay a fee of ten dollars (\$10). Such evidence of qualification being satisfactory to the Board it shall issue a certificate entitling the holder to a license from the Clerk of the county in which the applicant resides, which license shall entitle the holder to practice midwifery in this State. The license thus issued shall conform to all requirements of registration imposed upon physicians' licenses in Section two of this act and shall be subject to revocation for the same cause as provided in Section five in case of

license to physicians. (As amended March 3, 1899, Acts 1899, p. 252.)

Sec. 7. Nothing in this act shall be (so) construed as to discriminate against any school or system of medicine, or to prohibit gratuitous services in cases of emergency, or to the administration of family remedies. This act shall not apply to any commissioned officer of the United States Army, Navy or Marine Hospital service in the discharge of his official duties; nor to any physician or surgeon who is legally qualified to practice in the State or Territory in which he resides, when in actual consultation with a legal practitioner of this State; nor to any physician or surgeon residing on the border of a neighboring State and duly authorized to practice under the laws thereof, whose practice extends into the limits of this State: Provided, That such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. This act shall not be construed to prevent medical students from practicing medicine and surgery under the immediate and direct supervision of a licensed physician for a limited period of two years: Provided, however, That the said student had not practiced medicine, surgery or obstetrics prior to the passage of this act; in the event the amount of time said student has practiced medicine, surgery or obstetrics shall be deducted from the said two years herein mentioned; and in no event shall the said student open an office or offer to engage in the practice of medicine, surgery or obstetrics. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall subject the offender to a fine of not less than twenty-five dollars (\$25) nor more than two hundred dollars (\$200). (As amended March 3, 1899, Acts 1899, p. 253.)

Sec. 8. To open an office for such purpose or to announce to the public in any way, a readiness to practice medicine in any county of the State or to prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body, shall be to engage in the practice of medicine within the meaning of this act: Provided, That nothing in this act shall be construed to

apply to or limit in any manner the manufacture or sale of proprietary medicines. It shall also be regarded as practicing medicine within the meaning of this act, if any one shall use in connection with his or her name the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "Healer," or any other title, word, letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches: Provided, That this act shall not be construed to apply to nonitinerant opticians who are at this time engaged in, or who may hereafter engage in the practice of optometry in this State, nor to professional or other nurses. In charging any person in an affidavit, information or indictment with a violation of this law by practicing medicine, surgery or obstetrics without license, it shall be sufficient to charge that he did, upon a certain day and in a certain county, engage in the practice of medicine, he not having any license to so do, without averring any further or more particular facts concerning the same. (As amended March 11, 1901.)

Sec. 9. Any person who shall practice medicine, surgery or obstetrics in this State without having a license duly issued as hereinbefore provided, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars (\$25) nor more than two hundred dollars (\$200).

Sec. 10. All laws and parts of laws in conflict with this act are hereby repealed, and also an act entitled "An act regulating the practice of medicine, surgery and obstetrics, providing for the issuing of license to practice, defining certain misdemeanors and providing penalties," approved April 11, 1885, and all amendments thereto be and the same are hereby repealed.

Additional Section 3. Three thousand (3,000) copies of the annual report of the Board to the Governor shall be printed in the same manner as the report of the State Board of Health; and the printing and stationery of the Board shall be paid out of the printing fund. (Added in 1899 and amended, March 11, 1901.)

Additional Sec. 4. The said Board may grant limited certificates which shall authorize the proper Clerk to issue to the holder thereof a license to practice osteopathy only. Such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in materia medica, nor shall the college from which he presents a

diploma be required to conform to the standard fixed by said Board as to instructions in materia medica, but such college shall so conform in all other branches of instruction. Such license shall not authorize the holder thereof to administer or prescribe or use on one other than himself any drugs or medicines, and any such administration, prescription or use of any drug or medicine by the person holding such limited license shall be practicing medicine without a license, and such person shall be punished therefor as others are punished for practicing medicine without a license: Provided, further, That any person now holding a diploma issued from any college of osteopathy in the United States, and [who] is [now] a resident of the State of Indiana, shall be granted a certificate and license to practice osteopathy upon presenting his diploma to said Board and Clerk and paying the fee required by this act.

This law is constitutional.

State v. Webster, 150 Ind. 607.

In an appeal from a decision by the Board the State is the appellee and must be represented by the Prosecuting Attorney. The Board is not a party to the appeal.

In re. Application of Coffin, 152 Ind. 439.

In a prosecution under this law, it is sufficient to charge the offense in the language of the statute.

Eastman v. State, 109 Ind., p. 282;

Benham v. State, 116 Ind. 112.

The burden of proving the defendant was duly licensed to practice medicine is on the defendant.

Benham v. State, 116 Ind. 112.

In such prosecutions it is not necessary for the State to deny or prove exceptions made by the statute.

Ferner v. State, 151 Ind., p. 249.

Nor need the affidavit or indictment show that the State Board or any member instituted the prosecution.

Commonwealth v. Tobias, 141 Mass. 129;

Commonwealth v. Murphy, 147 Mass. 577;

Commonwealth v. Gay, 153 Mass. 211;

Commonwealth v. McDonnell, 157 Mass., p. 409;

Portland v. Rolfe, 37 Me., p. 402;

Stuart v. People, 42 Mich., p. 259.

LIST OF MEDICAL COLLEGES NOT RECOGNIZED BY  
THE INDIANA STATE BOARD OF MEDICAL  
REGISTRATION AND EXAMINATION.

The diplomas of the following named medical colleges are not recognized by this Board, for the reason that said colleges have not complied with the minimum requirements of this Board:

American Eclectic Medical College, Cincinnati, Ohio. \*Extinct.—Rauch.

American Health College, Cincinnati, Ohio. Fraudulent.—Rauch.

College of Medicine and Surgery, Indianapolis, Indiana. Extinct.

Curtis Physio-Medical College, Cincinnati, Ohio. Extinct 1874.

Curtis Physio-Medical Institute, Marion, Indiana.

Dutton Medical College, Chicago, Illinois.

Eclectic Medical College, Philadelphia, Pennsylvania (after 1870). Incorporated 1856; fraudulent; extinct 1880.—Rauch.

Homeopathic Medical College of Missouri, St. Louis, Missouri (1900).

Hygeia Medical College, Cincinnati, Ohio. I am unable to inform you whether it is still in existence. It has never been recognized by the State Board of Medical Registration and Examination of Ohio, and certificates have never been issued to its graduates.—Frank Winders, M. D., Secretary Ohio State Board of Registration.

Illinois Health University, Chicago, Illinois.

Independent Medical College, Chicago, Illinois. An alleged "diploma mill;" charter revoked February, 1899.

Indiana College of Medicine and Midwifery, Indianapolis, Indiana. Fraudulent.—Rauch.

Joplin Medical College, Joplin, Missouri. Extinct 1882.—Rauch.

Memphis Hospital Medical College, Memphis, Tennessee (1900).

University of Tennessee, Nashville, Tennessee (1900).

Vanderbilt University, Nashville, Tennessee (1900).

---

\* For notes concerning colleges we are indebted to New York Report for 1900.

Wisconsin Eclectic Medical College, Milwaukee, Wisconsin. Never graduated any class; peddled diplomas three years; suppressed 1898.—J. A. Egan, Secretary Illinois Board of Health, April, 1899.

**MEDICAL COLLEGES RECOGNIZED BY THE INDIANA  
STATE BOARD OF MEDICAL REGISTRATION  
AND EXAMINATION.\***

Albany Medical College, Albany, New York.  
 American Medical College, St. Louis, Missouri.

Rule 4. The Board ruled not to consider irregular forms of application but to insist upon the use of the legally adopted forms referred to above.

The following question to the Attorney-General was submitted:

Question: "Inasmuch as the law defines the practice of medicine to be, 'To open an office for such purpose, or to announce to the public a readiness to practice medicine, surgery and obstetrics in any county in the State, or to prescribe for or to give surgical assistance to those suffering from disease, injury or deformity, should be to engage in the practice of medicine, etc.,' and as the law requires in case of change of residence from one county to another in the same State, that the holder of a license shall obtain a new license in the county where he proposes to reside by filing with the clerk the license obtained by him in the county where he last resided, when the clerk shall issue to him a new license, does it not follow that a legal practitioner can have but one professional residence or home, and that to open an office in a county, or to an-

† NOTE.—See nonrecognized list.

nounce a readiness to practice in a county where he has no license, would be a violation of the law?"

The Attorney-General's answer was as follows:

"I think a licensed physician has a right to practice anywhere in the State. He can have but one residence at which he is required to take out a license, but I see no reason in the law why he could not maintain any number of offices if he feels so disposed. It is not where he maintains his office that he is required to take out his license, but where his residence is, and it might well be that a physician should prefer to live in one county and yet have his office in another."

Rule 6. June 10 the Board ruled that all persons making complaints against applicants before the Board be required to be specific, giving full circumstances, dates, names and addresses of witnesses who can testify to particular allegations, and that affidavits be made to all charges forwarded to this office, or the Board can give the matter no consideration.

June 29, 1897, the Attorney-General furnished to the Board his definition of a "good, moral character," as prescribed by the law, as follows:

State Board of Medical Registration and Examination, State House:

Gentlemen—In answer to your inquiry as to what constitutes a good moral character, in view of the duty imposed upon the Board to refuse a certificate to any person guilty of gross immorality, I have to say that to all intents and purposes a man's character and reputation are identical, because while the one depends upon himself and the other is what others think of him, for all practical purposes his character is the opinion which others have drawn from his actions.

Gross immorality may be defined as any serious breach of moral duty. Moral character is such character as is "in accord with, or controlled by, the rules of right conduct." If acts are charged against an applicant for a certificate, which, in the opinion of the Board, are not in accordance with the commonly accepted rules of right conduct, it is undoubtedly the duty of the Board to refuse a certificate, if it believes that the applicant has been guilty of the acts with which he is charged.

As to the question of what acts constitute gross immorality, it is impossible to give a full and clear definition, and each case must be left to the conscience of the Board.

The Board has prescribed a form of affidavit to be made by two freeholders, as to the character of applicants. This affidavit, when made, is by no means controlling, as, if specific charges are made against any applicant, it is the duty of the Board to investigate them, and, upon investi-

gation it must refuse license if the charges are sustained, notwithstanding the fact that a false affidavit has been filed.

I have the honor to be

Yours very truly,

W. A. KETCHAM,  
Attorney-General.

Resolved, That licenses granted upon diplomas issued by the Curtis Physio-Medical Institute, of Marion, Indiana, and The American Medical College or University of Medicine, Indianapolis, Indiana, if issued prior to March 8, 1897, and if it appears that the same were not procured by fraud, be recognized by this Board as valid, and that certificates be granted to the lawful holders thereof, whose applications have been received by this Board on or before the 13th day of July, 1897; and,

Resolved, That applicants for certificates upon diplomas issued by the above named colleges be required to pass a supplemental examination by this Board before certificates will be issued.

Rule 8. It was ruled by the Board that when charges are made against an applicant, he must be notified that an affidavit has been filed against him, and giving him a synopsis of the same and asking the accused to make a written reply, if he so desire, making affidavit to the same and having the same on file at the time designated by the Board for hearing.

Rule 9. August 25. It was ruled by the Board that all sworn evidence submitted to the Board in defense of an application be filed with the papers of the applicant for future reference and held as the property of the Board.

September 26, 1897, the following rule was adopted to govern the examinations held by the Board:

Rule 10. That each member of the Board be instructed to prepare a sufficient number of questions—ten questions to each subject—each subject bearing appropriate heading and written in type, numbered and signed at the upper right-hand corner by the members, for use in examination of applicants. Questions to be submitted to the approval of the Board, and that the order of examinations be taken as follows:

1. Anatomy.
2. Physiology.
3. Gynecology.
4. Obstetrics.

5. Theory and practice of medicine.
6. Materia medica and therapeutics.
7. Chemistry.
8. Surgery.

The subjects upon which examinations are required by law were assigned to the various members of the Board as follows:

Anatomy and Physiology, Physio-Medical Materia Medica and Therapeutics, and Theory and Practice of Medicine, to W. A. Spurgeon.

Gynecology and Eclectic Materia Medica and Therapeutics and Theory and Practice of Medicine, to W. F. Curryer.

Obstetrics and Homeopathic Materia Medica and Therapeutics and Theory and Practice of Medicine, to W. T. Gott.

Regular Materia Medica and Therapeutics and Theory and Practice of Medicine, to J. C. Webster.

Chemistry and Surgery, to Jas. M. Dinnen.

Rule 12. The following was adopted as a rule of the Board: That in cases where the applicant makes claim that his diploma has been lost in any way, that such applicant be required to furnish satisfactory evidence of his graduation by procuring and presenting to the Board a certificate from the Secretary of the medical college from which he obtained his degree, certifying to the fact of his graduation, giving date of the same and bearing the seal of the college.

Rule 16. That the Secretary of the County Medical Society of each county in the State having such officer, and some reputable and legally qualified physician in other counties where such officer is not found, be requested to send to this office the name of every person who is now or may hereafter engage in the practice of medicine in his respective county without having procured a certificate of qualification from this Board as provided by law; and that he send therewith a verified charge of such violation, together with the names of one or more persons who have been treated by such illegal practitioners.

Rule 37. That on and after this date (November 28, 1899), when an application for registration to practice medicine, surgery and obstetrics in this State is filed during the recesses of this Board, the papers appearing complete except the freeholders' affi-

davit, the Secretary be instructed to notify such applicant that **he** may take out a permit authorizing him to practice until the **next** regular meeting of this Board, unless such meeting shall occur sooner than three months, and then at the regular meeting **next** ensuing.

Rule 49. That in pursuance of the law which empowers **the** Indiana State Board of Medical Registration and Examination **to** make and establish all necessary rules and regulations for reciprocal recognition of certificates issued by other States, and **to** prevent unjust and arbitrary exclusion of graduates of medicine from this State who have filled its requirements, the Indiana State Board of Medical Registration and Examination does adopt and establish this rule: That no applicant from any other State for a certificate entitling him to practice medicine, surgery and obstetrics shall be granted a certificate by this Board on conditions less exacting than those required of applicants from Indiana by the Examining Board of the State from which he comes.

Rule 53. Whereas, This Board finds it almost impossible to get a proper understanding of the management, teachings and requirements of foreign medical colleges, and as foreign Boards have, so we are informed, held that graduates of American medical colleges should take an examination in their various countries before engaging in the practice of medicine, surgery and obstetrics; therefore, be it

Resolved, That on and after the adoption of this resolution all graduates of colleges outside the United States who apply to this Board for certificates shall be required to pass the examination of this Board.

Rule 58. Inasmuch as the law contemplates that a residence in this State is essential to eligibility to registration under the medical act of the State to practice medicine, surgery and obstetrics therein,

Resolved, That on and after this date (December 14, 1899) all applicants for registration, under the medical act now in force, **not** having a legal residence in Indiana, will be required to acquire a residence by sojourning in the State six months after making such application, before such applicant can become eligible to registration: Provided, That such person, being otherwise entitled to registration and having paid the fee of such registration, may be

permitted to practice by special permit, until the expiration of the said period of six months.

Rule 60. It will be necessary that specific charges be made in order that this Board may be able to take effective action. Gross immorality, habitual drunkenness, the drug habit, obtaining certificate or license by fraud or misrepresentation, are reasons contemplated in the law necessary to revoke, or refusal to grant license. All persons making complaints against applicants before this Board must be notified that when complaints are filed they must be specific, giving full circumstances, dates, and witnesses that will swear to the same, with the postoffice address of each, and make affidavit to the same, and forward at once to this office, or this Board can give the matter no consideration.

#### RULES FOR CONDUCTING MEDICAL EXAMINATIONS.

First. Help of every kind must be removed from the reach and sight of the candidate. Any person detected in trying to give or obtain aid shall be instantly dismissed from the room, and his paper for the entire examination cancelled.

Second. If any candidate withdraw himself, without permission, from the sight of the examiner, his examination shall be closed. This rule permits a candidate, temporarily ill, to withdraw from the room and return only by the consent of the examiner.

Third. No candidate shall, under any circumstances, enter the examination more than thirty minutes late, unless excused by the examiner, and no candidate shall leave the room within thirty minutes after the distribution of examination questions.

Fourth. All examinations shall be in writing. Paper, pens, blotters and ink will be furnished by the Secretary.

Fifth. The examinations shall continue two days. The sessions of each day shall be from eight to ten, ten to twelve, two to four, and four to six. Questions will be given out and answers collected punctually at the time specified for each subject.

Sixth. A total average of 75 per cent. shall be necessary to license a candidate (he having otherwise complied with the law), providing that on no subject shall the grade be less than 40 per cent. A candidate having less than 50 per cent. in more than one

subject shall be rejected. The candidate, however, is entitled to a second examination within one year without further charge.

Seventh. At the close of the examination each candidate shall sign the following statement, viz.:

"I hereby give my word of honor, without mental reservation or evasion in any manner, that in the examination before this Board, which I have just finished, I have neither given to a fellow candidate nor received from him, or from any other source whatever, any information relating to the subject under consideration."

January 9, 1900.

Resolved, That each medical college in the State be requested to furnish the Board, on or before the second Tuesday in July, annually, the following information: The number of students in attendance during the preceding college year, the time covered by the class in matriculation, the per cent. of attendance upon lectures by each student, the number of lectures delivered by each teacher, and the per cent. of attendance by each student upon such lectures, and the number of students who failed to pass the entrance examination.

#### RESOLUTIONS ON MINIMUM REQUIREMENTS, PASSED JULY 14, 1897.

Resolved, That all medical colleges requiring a minimum of three years' study of medicine and two courses of lectures for graduation prior to 1886, and possessing proper facilities for teaching and a faculty embracing the chairs of anatomy, physiology, chemistry, materia medica, therapeutics, medicine, surgery and obstetrics, shall be recognized as in good standing, and diplomas issued by the same and properly verified shall entitle the holder thereof to register as graduates in medicine under the laws of Indiana, providing that no certificate shall be issued to any applicant upon proof that his or her diploma has been obtained fraudulently or in violation of the published rules of the college issuing the same.

Resolved, That for the eleven years ending April 14, 1897, all medical colleges exacting the foregoing requirements and possessing facilities and a faculty, as specified in the foregoing resolution,

shall, by virtue of such facts, be recognized as in good standing to and including the year 1892, but that no medical college shall be recognized as in good standing which has not, since 1892, possessed the foregoing facilities and faculty, and which has not, in addition, exacted an entrance qualification and attendance upon three regular courses of lectures as a condition of graduation.

Resolved, That on and after July 1, 1899, no medical college will be recognized as in good standing which does not require the entrance qualifications prescribed by the Association of American Medical Colleges as a prerequisite for matriculation, which does not possess an adequate equipment for teaching medicine, which has not clinical and hospital facilities, and which does not have an active and competent faculty embracing the departments of anatomy, physiology, chemistry, materia medica, therapeutics, medicine, surgery, obstetrics, histology, pathology, bacteriology, ophthalmology, otology, gynecology, laryngology, dermatology, hygiene and state medicine, and which does not enjoin attendance upon 80 per cent. of four regular courses of instruction, of not less than twenty-six weeks each, in four different years, and which does not exact an average grade of 75 per cent. on an examination as a condition of graduation.

## HOW TO OBTAIN A LICENSE TO PRACTICE MEDICINE IN INDIANA.

All applicants must be bona fide residents of the county and State.

Every applicant must procure the necessary blank from his County Clerk, fill it out carefully and make affidavit to the same before some officer authorized to administer oaths, also have two freeholders, residents of the same county in which applicant resides, make affidavit as to the moral character and to the personal identity of the applicant as the person mentioned in the diploma. The application blank, when properly filled, together with diploma and ten dollars, must be sent by express or registered mail to the State Board of Medical Registration and Examination, Room 120, State House, Indianapolis, Indiana.

Those who desire to apply for license to practice obstetrics must follow the same directions as above, but the fee is only five dollars.

The State Board of Medical Registration and Examination at its next meeting after the complete filing of the papers will examine the same and if satisfactory will issue its certificate. (See Rule 49.) Upon receipt of the certificate by the applicant he shall, upon the presentation of the same to the Clerk of the county in which he resides, receive a license to practice medicine, surgery and obstetrics within the State of Indiana. The recipient of such license shall pay to the County Clerk fifty cents as his fee for issuing and recording the same.

In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside by filing with the County Clerk the license obtained by him in the county in which he last resided, and the Clerk shall issue to him a new license.

Temporary permits to practice medicine, surgery and obstetrics until the next meeting of the Board are issued on payment of five dollars extra, when the application is complete and satisfactory.

No person is qualified to practice medicine, surgery or obstetrics within the State of Indiana who has not first procured a license or temporary permit to do so under the acts of 1897 or 1899.

All persons who desire to take an examination before the Board are required to apply to the Clerk of the Board, who will furnish a blank form of application and also an affidavit blank as to moral character. These, properly filled and accompanied by the fee of \$25, must be on file at least five days before the semi-annual meeting fixed by law.

Examination for obstetric license is the same as the above, except the fee is \$10.

The regular sessions of the Board are held the second Tuesday in January and July of each year.

All fees must be sent by registered mail, express, postal note or draft. Individual checks are not accepted by the Board.

## FINANCIAL REPORT.

December 31, 1900, the Secretary made the following financial report of moneys received from all sources for the year 1900:

RECEIPTS AND EXPENSES FROM JANUARY 1, 1900, TO  
DECEMBER 31, 1900.

## RECEIPTS.

Fees from applications upon diploma.....	\$2,490 00
Fees from applications upon examination.....	475 00
Fees from applications in obstetrics.....	20 00
Fees from embellished certificates.....	9 00
Fees from temporary permits.....	345 00
Fees for translation.....	2 50
Fees additional to complete applications.....	216 00
Fees from other sources.....	38 00
Total receipts.....	<u>\$3,595 50</u>

## EXPENDITURES.

Dec. 11 .....	1,000 00
Total .....	<u>\$3,202 62</u>

## EXAMINATION QUESTIONS.

---

The following lists of questions are submitted to show the character of examinations held by the Board:

### ANATOMY.

1. Describe the oesophagus.
2. Describe the palmar fascia and give its relations.
3. Name and describe the bones of the ankle joint.
4. Give the names and relation of the dorsal bones.
5. Give a brief description of the uterus.
6. Describe the common iliac arteries.
7. Give a brief description of the pancreas.
8. Describe the conjunctiva.
9. Describe the eustachian tube.
10. Describe the gall cyst and give its relations.

—Submitted by W. A. Spurgeon, M. D.

### PHYSIOLOGY.

1. Give average estimate of the time required for stomach digestion under ordinary conditions, of ten common articles of food. Name them in the order of their digestibility.
2. How are albuminose, emulsions, and sugar produced in the process of digestion?
3. What are the most active agents in the process of absorption in the intestinal tract, and why?
4. Give a description of normal bile; color, specific gravity, chemical reaction.
5. What substances found in the secretion and excretions of the human system are most prone to crystallization? Name some of them.
6. What are the functions of the liver, besides the secretion of bile?
7. Name the functions of the blood plasma, and give its most important ingredient.
8. How does full and free respiration favor functional activity of the liver?
9. Name and describe the respiratory movements of the chest.
10. How many cubic feet constitute the required quantity of air used in an adult human being in one day?

—Submitted by W. A. Spurgeon, M. D.

## OBSTETRICS.

1. State means by which uterus is held in place.
2. Give symptoms and treatment of threatened abortion.
3. What would you do in case of rupture of uterus in the first stage of labor?
4. In pelvic presentation what would you do if head should be arrested in inferior strait?
5. Give prognosis and treatment of puerperal fever.
6. Give antiseptic treatment of a case of normal labor.
7. If placenta be retained after abortion what treatment would you advise?
8. Mention the most common causes of puerperal and mammary inflammation.
9. (a) Give the most frequent causes of puerperal eclampsia; (b) how should a case be managed?
10. What anatomic features are of special importance in labor?

—Submitted by W. T. Gott, M. D.

## GYNECOLOGY.

1. How would you make a bi-manual examination of the uterus? Describe position of patient and the necessary manipulation.
2. How would you diagnose a pelvic abscess, and how would you treat it?
3. How would you diagnose a leucorrhoea and how a gonorrhoea? Give treatment.
4. What is a cystocele? What is rectocele? Give their treatment.
5. How would you manage a case of threatened puerperal peritonitis?
6. How would you prepare yourself, your patient and your instruments for a laparotomy?
7. How would you repair a lacerated cervix, and how the perineum?
8. How would you treat a case of endometritis?
9. How would you manage an imperforate hymen after puberty?
10. How would you manage a case of ectopic pregnancy?

—Submitted by W. F. Curryer, M. D.

## MATERIA MEDICA AND THERAPEUTICS.

(Regular.)

1. What is normal salt solution, its physiologic action, indications for its therapeutic application, and method of administration?
2. Name some therapeutic agents which promote constructive tissue change, their mode of action, and indications for their use.
3. Name some therapeutic agents which promote destructive tissue change or increasing waste, their mode of action, and indications for their use.

4—Med. Ex.

4. Name some agents which excite the functional activity of the spinal cord and sympathetic, and indications for their use.
5. Name some agents which depress the functional activity of the spinal cord and sympathetic, and indications for their use.
6. Name some therapeutic agents which are germicidal in their action, and indications for their therapeutic application.
7. Name some medicinal agents which (a) increase, and (b) diminish intestinal secretion.
8. Name some medicinal agents which (a) excite heart action, and (b) diminish heart action, their mode of action and indications for their use.
9. When would you resort to rectal alimentation, and how?
10. What, in your opinion, is the safest and most effective agent for the reduction of hyperpyrexia?

—Submitted by J. C. Webster, M. D.

### THEORY AND PRACTICE OF MEDICINE.

(Regular.)

1. Define briefly (a) physiologic action, (b) pathologic action.
2. By what media does typhoid infection enter the organism, what are its pathologic results, and what sanitary measures are most effective against it?
3. What conditions are favorable to the generation of malarial infection, by what media does it enter the organism, what are its pathologic results, and what sanitary measures are most effective against it?
4. Define (a) thrombosis, (b) embolism; and what are their pathologic results?
5. What are the physical signs and secondary pathologic results of mitral disease of the heart?
6. What are the pathology, diagnosis and treatment of acute hepatitis?
7. What are the pathology, diagnosis and treatment of acute nephritis?
8. What are the symptoms, diagnosis and treatment of acute cystitis?
9. What are the cause, differential diagnosis, most common sequela, and treatment of scarlatina?
10. Describe (a) the normal pulse, (b) the normal respiration, and (c) the normal temperature of the human organism, and name some pathologic conditions which a marked departure therefrom in each may be significant of.

—Submitted by J. C. Webster, M. D.

### MATERIA MEDICA AND THERAPEUTICS.

(Eclectic.)

1. Give the indications and dose for baptisia tinctoria.
2. When would you give aconite and when veratrum? Describe symptoms and give the dose of each.
3. Give the indications for and dose of anemone pulsatilla.

4. When would you give colocynth and when nux vomica?
  5. Give the indications for phytolacca and also for apocynum.
  6. Mention four remedies of especial value in pleurodynia.
  7. For what disease is collinsonia especially recommended?
  8. From what is sulphate of atropia made, and for what is it largely used?
  9. In what form of diarrhoea is camphor especially useful?
  10. For what conditions would you give echinacea, and what is the dose?
- Submitted by W. F. Curryer, M. D.

### THEORY AND PRACTICE OF MEDICINE.

(Eclectic.)

1. Describe an epileptic seizure. Differentiate it from (a) uraemic convulsion; (b) apoplectic convulsion; (c) hysterical convulsion.
2. How would you diagnose cerebral meningitis, and how would you differentiate it in the early stage from hysteria?
3. Define the following terms: (a) aphasia; (b) pyaemia; (c) leucocythaemia; (d) Cheyne-Stokes respiration; (e) haematuria.
4. What is icterus? Give the symptoms, some of the causes, and the treatment.
5. How would you diagnose and treat a patient infested with a taenia solium?
6. What are urinary tube casts? Describe the common varieties. What clinical significance attaches to their presence?
7. Give the etiology, symptoms and treatment of acute gastritis.
8. How would you diagnose, quarantine and treat rubeola?
9. How would you diagnose, quarantine and treat diphtheria?
10. In a case of suspected suspended animation what tests would you apply before you would officially pronounce life extinct?

—Submitted by W. F. Curryer, M. D.

### MATERIA MEDICA AND THERAPEUTICS.

(Homeopathic.)

1. State the effect of manganium on the skin and blood.
2. Give proving of camphora.
3. State the therapeutic indications for lachesis.
4. Give the therapeutic indications of pulsatilla nigricans.
5. State principal sphere of action of ignatia amara.
6. Give the therapeutic individuality of glonoin.
7. Give antidote to opium.
8. On what system is the action of iodine most marked?
9. State principal indications for the use of phosphorus.
10. Give habitat antidote and indications for spigelia.

—Submitted by W. T. Gott, M. D.

## THEORY AND PRACTICE OF MEDICINE.

(Homeopathic.)

1. Give the etiology and treatment of epistaxis.
2. Give diagnosis, prognosis and pathology of angina pectoris.
3. State symptoms and morbid anatomy of lobar pneumonia.
4. Give morbid anatomy, symptoms and course of acute catarrhal dysentery.
5. Give definition, history and geographical distribution of bubonic plague.
6. State name and varieties of stomatitis.
7. Give the definition, etiology and symptoms of diabetes insipidus.
8. Give the morbid anatomy and symptoms of rhachitis.
9. State the relation of arthritis deformans to disease of the nervous system.
10. State the effect of chronic alcoholism on the nervous system.

—Submitted by W. T. Gott, M. D.

## MATERIA MEDICA AND THERAPEUTICS.

(Physio-Medical.)

1. How do sunlight and pure air exert prophylactic and curative influence in all forms of disease?
2. What is the effect of quinine upon the cerebro-spinal circulation?
3. Give the therapeutic influence of cinchifuga of salicin.
4. Name the agents you would consider most serviceable in the treatment of cholera infantum, and give the special indications for each agent.
5. Give the specific medicinal properties of (a) leptandrin; (b) podophyllin; (c) apocynin.
6. In what conditions would you prefer cyripedium pub. to caulophyllum thal. as a nervine?
7. Name a number of eliminatives and give the mode of action of each.
8. What are the three general classes of diaphoretics?
9. How would your general line of treatment differ in disease due to pathogenic germs from that in disease caused by auto-infection?
10. What agents and agencies would you employ in the treatment of a common cold, and why?

—Submitted by W. A. Spurgeon, M. D.

## THEORY AND PRACTICE OF MEDICINE.

(Physio-Medical.)

1. To what therapeutic agents would you give preference in the treatment of tuberculosis, and why?
2. What is the immediate cause of renal albuminuria?
3. How may you know when albuminuria is functional, and when due to nephritis?

4. Define syphilis. Name the stages.
5. Give the leading symptoms of acute catarrhal gastritis.
6. Give symptoms and treatment of chronic catarrhal gastritis.
7. Define acute pleurisy, and give diagnosis and treatment.
8. Give the chief diagnostic symptoms in meningitis, and the treatment.
9. What causes diabetes mellitus, and what would be your treatment and prognosis?
10. Give the names of the various forms of infectious disease most common in Indiana.

—Submitted by W. A. Spurgeon, M. D.

#### CHEMISTRY.

1. What is the specific gravity of healthy urine?
2. How would you test for acid?
3. How would you test for blood?
4. How would you test for albumen?
5. What is double decomposition?
6. What is the source of iodine?
7. What is calomel?
8. What is corrosive sublimate?
9. What is chemistry?
10. Test for arsenic?
11. Give formula for formaldehyde.

—Submitted by James M. Dinnen, M. D.

#### SURGERY.

1. What is a fracture?
2. How many kinds are there?
3. Describe a compound fracture.
4. What is a dislocation?
5. What are the signs and symptoms of dislocation downwards of head of humerus?
6. What conditions render amputation necessary?
7. What is a hernia?
8. How many kinds are there?
9. What are the signs and symptoms of appendicitis?
10. What are the signs and symptoms of gall stone?

—Submitted by James M. Dinnen, M. D.

#### ANATOMY.

1. Describe the knee joint.
2. Describe the elbow joint.
3. Describe the temporal bone.
4. Describe the deep palmar arch.
5. Describe the circle of willis.
6. Describe the pneumogastric nerve.

7. Give the names of the lobes of the liver.
8. Give the names and locations of the valves of the heart.
9. Give a description of the peritoneum.
10. Describe the larynx.

—Submitted by W. A. Spurgeon, M. D.

#### PHYSIOLOGY.

1. Describe the changes that occur in functional manifestations of the parts involved after section of the pneumogastric nerve.
2. What kind of nerve is the spinal accessory?
3. What is a nerve center, and what is its function?
4. What is understood by the reflex action of the nervous system?
5. Name some of the more important nerve centers of the human system.
6. From what source does the circulatory system receive its principal influence?
7. Define nutrition, secretion, and excretion.
8. Describe the functions of an artery and explain in connection therewith the dicrotic pulse.
9. Name and give in their proportions the ingredients of normal urine.
10. Name a number of agents which, when placed in the circulation appear readily in the urine, and tell why.

—Submitted by W. A. Spurgeon, M. D.

#### OBSTETRICS.

1. What is meant by agalaxia?
2. Give treatment of agalactia following confinement.
3. Give the early symptoms of pregnancy.
4. Give diagnosis and treatment of ectopic pregnancy.
5. What would a digital examination reveal, if the period of gestation be near termination?
6. Give treatment of varicosus due to a gravid uterus.
7. (a) What is craniotomy? (b) When is it necessary to perform it?
8. Give procedure in performing the operation craniotomy.
9. Give treatment for albuminuria of pregnancy.
10. Give pelvic diameters, and proper method of measuring them.

—Submitted by W. T. Gott, M. D.

#### GYNECOLOGY.

1. Describe accurately Sims position.
2. Give etiology, symptoms and treatment of chlorosis.
3. Give etiology, symptoms and treatment of endometritis, acute and chronic.
4. Give etiology, symptoms and treatment of amenorrhoea, acute and chronic.
5. Give symptoms, diagnosis and treatment of urethral caruncle.

6. Give etiology, symptoms and treatment of proctitis.
7. Give symptoms, diagnosis and treatment of ectopic pregnancy.
8. How would you diagnose and treat an ovarian tumor? Describe fully.
9. How would you diagnose and treat a retroflexed uterus?
10. How would you diagnose and treat a cystocele?

—Submitted by W. F. Curryer, M. D.

## MATERIA MEDICA AND THERAPEUTICS.

(Regular.)

1. Give technic of the administration of chloroform and sulphuric ether to complete anaesthesia, and treatment of dangerous narcosis from each.
2. Name a salt of strychnia, its physiologic action, a medicinal dose, an indication for its therapeutic application, and treatment of strychnine poisoning.
3. Name (a) a medicinal agent which, by its physiologic action, contracts the arterioles, and (b) one which dilates them, and the effect of such action upon the heart.
4. Name five medicinal agents which stimulate the renal function, and indications for their use.
5. Name five medicinal agents which are tonic in their action on the organism, and indications for their use.
6. Name five medicinal agents which increase bronchial secretion, and indications for their use.
7. Name five medicinal agents which are anthelmintic in their action, dose of each, and indications for their use.
8. Name a medicinal dose of liquor potassa arsenitis, and indication for its use, and treatment of arsenical poisoning.
9. Name a preparation of opium, a medicinal dose of same, and treatment of opium poisoning.
10. What do you regard as a safe and efficient antipyretic?

—Submitted by J. C. Webster, M. D.

## THEORY AND PRACTICE OF MEDICINE.

(Regular.)

1. Give cause, symptoms, differential diagnosis, means of prevention, and treatment of smallpox.
2. Give cause, differential diagnosis, most important sequela, and treatment of influenza.
3. Give symptoms, diagnosis, and treatment of chorea.
4. Give cause, symptoms, and treatment of acute broncho-pneumonia, and differentiate it from acute croupous pneumonia.
5. Give cause, symptoms, differential diagnosis, and treatment of croupous pneumonia (acute).
6. Give cause, symptoms, diagnosis, and treatment of acute pleuritis, and differentiate it from (a) intercostal neuralgia, (b) pericarditis.

7. Give cause, symptoms, diagnosis, prevention, and treatment of simple diarrhoea of childhood.
8. Give differential diagnosis of so-called membranous croup from diphtheria, and treatment of each.
9. Disease of what organs causes dropsy, and how?
10. Name some of the common infectious diseases, the channels by which the infection enters the organism, and most efficient means of prevention.

—Submitted by J. C. Webster, M. D.

## MATERIA MEDICA AND THERAPEUTICS.

(Eclectic.)

1. Mention two remedies of especial value in the treatment of varicose conditions, and give indications for each.
2. Give the symptoms of opium poisoning, and full treatment.
3. What are the indications and also the dose of barosma?
4. When would you give belladonna, and when gelseminum?
5. In what forms of rheumatism is macrotys especially useful?
6. When would you give apis and when rhus tox in erysipelas?
7. When is aconite indicated, and what is the dose?
8. Name five antiperiodics, with the dose of each.
9. For what is salix nigra used, and what is the dose?
10. Describe a case of arsenical poisoning, and give your treatment.

—Submitted by W. F. Curryer, M. D.

## THEORY AND PRACTICE OF MEDICINE.

(Eclectic.)

1. Describe the symptoms of acute dysentery, and outline treatment.
2. Give the etiology, pathology, symptoms, and treatment of enteric fever.
3. What is a common cause of locomotor ataxia?
4. Describe the patellar reflex, and the method by which it is tested.  
State the significance of its absence or exaggeration.
5. How would you quarantine a case of variola?
6. Give the etiology, pathology, and treatment of cholera infantum.
7. Give the etiology, pathology, and treatment of pneumonia.
8. Give the etiology, pathology, and treatment of pernicious malaria.
9. Enumerate the diagnostic sounds in a diseased respiratory apparatus, and describe any one of the sounds mentioned.
10. Describe the tongue where an (a) acid, (b) alkali is indicated.

—Submitted by W. F. Curryer, M. D.

## MATERIA MEDICA AND THERAPEUTICS.

(Homeopathic.)

1. Give sulphur indications.
2. Give aconite indications.
3. Give apis mel indications.
4. Give arsenicum indications.
5. Give bryonia alba indications.
6. Give rhus tox indications.
7. Give belladonna indications.
8. Give apocynum canab indications.
9. Give ferrum met indications.
10. Give china indications.

—Submitted by W. T. Gott, M. D.

## THEORY AND PRACTICE OF MEDICINE.

(Homeopathic.)

1. Give cause, symptoms, differential diagnosis, means of prevention of smallpox.
2. Give cause, differential diagnosis and most important sequela of influenza.
3. Give symptoms and diagnosis of chorea.
4. Give cause and symptoms of acute broncho-pneumonia, and differentiate it from acute croupous pneumonia.
5. Give cause, symptoms and differential diagnosis of croupous pneumonia (acute).
6. Give cause, symptoms and diagnosis of acute pleuritis, and differentiate it from (a) intercostal neuralgia, (b) pericarditis.
7. Give cause, symptoms, diagnosis of simple diarrhoea of childhood.
8. Give diagnosis of diphtheria.
9. Disease of what organs causes dropsy, and how?
10. Name some of the common infectious diseases, the channels by which the infection enters the organism, and the most efficient means of prevention.

—Submitted by W. T. Gott, M. D.

## MATERIA MEDICA AND THERAPEUTICS.

(Physio-Medical.)

1. What are the therapeutic properties of *cerus bonplandii*, indications for use, dose, and how often given?
2. What agents would you employ in the treatment of conjunctivitis?
3. What are the special indications for the internal administration of *sanguinaria canadensis*?
4. Name the conditions in which you would employ *dioscorea villosa*.
5. Give the therapeutic properties of glycerine, and how you would employ it in three different forms of disease.

6. What are the properties of xanthoxylum? In what form would you employ it, and what structures does it especially influence?
7. Give the properties of the positive pole of the galvanic current.
8. How would you use the electric current in the treatment of cervical stenosis?
9. What is the therapeutic action of heat? Of cold?
10. What would be the effect of warm poultices to the throat in malignant diphtheria, and why?

—Submitted by W. A. Spurgeon, M. D.

## THEORY AND PRACTICE OF MEDICINE.

(Physio-Medical.)

1. What are the first diagnostic symptoms of (a) rubeola, (b) variola, (c) scarlatina?
2. Give the pathology, symptoms, and treatment of cholera infantum.
3. Give the different forms of diphtheria, and your treatment in each.
4. What prophylactic measures would you employ in the management of (a) typhoid, (b) tuberculosis?
5. What are the symptoms, and what should be the prognosis and treatment of tubercular kidney?
6. Give the several forms of anaemia, with symptoms and treatment in each.
7. Define neurosthenia, and give the best method of management.
8. State the usual causes, and give the morbid anatomy and symptoms in suppurative hepatitis.
9. Give definition and diagnosis of entero colitis.
10. What are the pathognomonic symptoms of typhoid fever?

—Submitted by W. A. Spurgeon, M. D.

## CHEMISTRY.

1. Give specific gravity of healthy urine, and give test for bile, albumen, sugar, pus and blood.
2. Describe the preparation of peroxide of hydrogen.
3. What are the sources of ammonium salts?
4. Define the terms anhydrous, hydrous, hydrate, anhydride.
5. How is the iodide of potassium made?
6. What are the chemical relations of iodide and bromide of potassium?
7. Name the natural sources of the various salts of magnesium.
8. Give the official method for the preparation of solution of ferric chloride.
9. Give the test for arsenicum.
10. How is mercuric sulphate prepared?

—Submitted by Jas. M. Dinnen, M. D.

## SURGERY.

1. How many kinds of fracture are there? Describe each.
2. What is an aneurism?
3. Describe a sarcomatous tumor of the breast.
4. What is a cancerous tumor?
5. What are the signs and symptoms of a dislocation?
6. What conditions justify the amputation of a limb?
7. What is a hernia and how many kinds are there? Describe each.
8. Give signs and symptoms of intestinal obstruction.
9. Give signs and symptoms and treatment of synovitis.
10. Give symptoms and treatment of varicocele.

—Submitted by James M. Dinneen, M. D.

## KEY TO COLLEGE NUMBERS USED IN COUNTY LISTS.\*

- 
- 102. Medical Department Arkansas University, Little Rock, Ark.
  - 106. Hahnemann Hospital College of San Francisco, San Francisco, Cal.
  - 108½. Gross Medical College, Denver, Col.
  - 109. Yale University, Medical Department, New Haven, Conn.
  - 110. National Medical College, Medical Department Columbian University, Washington, D. C.
  - 111. University of Georgetown, Medical Department, Washington, D. C.
  - 112. Howard University, Medical Department, Washington, D. C.
  - 113. National University, Medical Department, Washington, D. C.
  - 115. Medical College of Georgia, Medical Department University of Georgia, Augusta, Ga.
  - 120. Atlanta Medical College, Atlanta, Ga.
  - 123. Georgia College of Eclectic Medicine and Surgery, Atlanta, Ga.
  - 124. Southern Medical College, Atlanta, Ga.
  - 125½. Woman's Medical College of Georgia, Atlanta, Ga.
  - 126. Rush Medical College, Chicago, Ill.
  - 130. Northwestern University Medical School (Chicago Medical College), Chicago, Ill.
  - 131. Hahnemann Medical College and Hospital, Chicago, Ill.
  - 132. Bennett College of Eclectic Medicine and Surgery, Chicago, Ill.
  - 134. Northwestern University Woman's Medical School (Woman's Medical College of Chicago), Chicago, Ill.
  - 135. The Chicago Homeopathic Medical College, Chicago, Ill.
  - 136. College of Physicians and Surgeons, of Chicago, Ill.
  - 137. Chaddock School of Medicine, Quincy, Ill.
  - 137½. Chicago Physio-Medical College, Chicago, Ill.
  - 137A. National Medical University, Chicago, Ill.
  - 137C. The Hering Medical College and Hospital, Chicago, Ill.
  - 137E. Harvey Medical College, Chicago, Ill.
  - 137H. Illinois Medical College, The Chicago Summer School of Medicine, Chicago, Ill.
  - 137I. American Health University, Chicago, Ill.
  - 137J. Dunham Medical College and Hospital, Chicago, Ill.
  - 137K. American Medical Missionary College, Chicago, Ill.
  - 137L. Illinois Health University, Chicago, Ill.
  - 137N. Independent Medical College, Chicago, Ill.
  - 139. Indiana Medical College, Laporte, Ind.
  - 140. Medical College of Evansville, Evansville, Ind.
  - 140½. Indiana Central Medical College (Medical Department Asbury University, Greencastle, Ind.), Indianapolis, Ind.
  - 141. Physio-Medical College of Indiana, Indianapolis, Ind.
  - 142. Medical College of Fort Wayne, Fort Wayne, Ind.
  - 143. The Medical College of Indiana (Department of Medicine of the University of Indianapolis), Indianapolis, Ind.
  - 144. Central College of Physicians and Surgeons, Indianapolis, Ind.
  - 145. Fort Wayne College of Medicine, Fort Wayne, Ind.
  - 146. Indiana Eclectic Medical College, Indianapolis, Ind.
  - 146½. Curtis Physio-Medical Institute, Marion, Ind.
  - 147. Hospital Medical College of Evansville, Evansville, Ind.
  - 148. Beach Medical College, Indianapolis, Ind.

---

\*For the majority of the numbers in this key we are indebted to Polk's Medical Register.

- 148½. Indiana College of Medicine and Midwifery, Indianapolis, Ind.
- 148A. Eclectic College of Physicians and Surgeons, Indianapolis, Ind.
- 148B. American Medical College, Indianapolis, Ind.
- 149. College of Physicians and Surgeons, Keokuk, Iowa.
- 151. State University of Iowa, Medical Department, Iowa City, Iowa.
- 153. Iowa Medical College (Eclectic Medical Department of Drake University), Des Moines, Iowa.
- 154. Iowa College of Physicians and Surgeons (Medical Department of Drake University), Des Moines, Iowa.
- 155A. Keokuk Medical College, Keokuk, Iowa.
- 157. Transylvania University, Medical Department, Lexington, Ky.
- 158. University of Louisville, Medical Department, Louisville, Ky.
- 159. Kentucky School of Medicine, Louisville, Ky.
- 160. Louisville Medical College, Louisville, Ky.
- 160½. Louisville National Medical College, Louisville, Ky.
- 161. Hospital College of Medicine (Medical Department Central University), Louisville, Ky.
- 161A. Southwestern Homeopathic Medical College, Louisville, Ky.
- 161B. Kentucky University, Medical Department, Louisville, Ky.
- 166. Medical School of Maine, Bowdoin College, Brunswick, Me.
- 169. University of Maryland School of Medicine, Baltimore, Md.
- 170. Washington University School of Medicine, Baltimore, Md.
- 171. The College of Physicians and Surgeons, Baltimore, Md.
- 172. Baltimore Medical College, Baltimore, Md.
- 173. Baltimore University School of Medicine, Baltimore, Md.
- 175. Medical Department of the Johns Hopkins University, Baltimore, Md.
- 175A. Southern Homeopathic Medical College and Hospital, Baltimore, Md.
- 177. Berkshire Medical College (Medical Department of Williams College), Pittsfield, Mass.
- 180. Boston University School of Medicine, Boston, Mass.
- 185. University of Michigan, Department of Medicine and Surgery, Ann Arbor, Mich.
- 185½. Detroit College of Medicine, Detroit, Mich.
- 186. Detroit Medical College, Detroit, Mich.
- 187. Detroit Homeopathic Medical College, Detroit, Mich.
- 188. University of Michigan Homeopathic Medical College, Ann Arbor, Mich.
- 189½. Michigan College of Medicine and Surgery, Detroit, Mich.
- 191½. Medical Department of Hamline University (Minneapolis College of Physicians and Surgeons), Minneapolis, Minn.
- 192. The College of Medicine and Surgery of the University of Minnesota, Minneapolis, Minn.
- 193. Missouri Medical College, St. Louis, Mo.
- 194. Medical Department of Washington University (The St. Louis and Missouri Medical College), St. Louis, Mo.
- 196A. The Marion-Sims College of Medicine, St. Louis, Mo.
- 197. Homeopathic Medical College of Missouri, St. Louis, Mo.
- 200. St. Louis Eclectic Medical College, St. Louis, Mo.
- 201. Homeopathic Medical College of St. Louis, St. Louis, Mo.
- 202. American Medical College, St. Louis, Mo.
- 205. St. Louis College of Physicians and Surgeons, St. Louis, Mo.
- 205½. College of Physicians and Surgeons, St. Louis, Mo.
- 207½. Beaumont Hospital Medical College, St. Louis, Mo.
- 208½. Kansas City Homeopathic Medical College, Kansas City, Mo.
- 209. University Medical College of Kansas City, Kansas City, Mo.
- 210. Ensworth Hospital Medical College, St. Joseph, Mo.
- 210½. St. Louis Hygienic College of Physicians and Surgeons, St. Louis, Mo.
- 212. Woman's Medical College of St. Louis, St. Louis, Mo.
- 213A. Barnes Medical College, St. Louis, Mo.
- 213B. St. Louis Woman's Medical College and Hospital, St. Louis, Mo.
- 213C. The Central Medical College, of St. Joseph, Mo.
- 213K. Howard Medical College, St. Louis, Mo.
- 223. College of Physicians and Surgeons in the City of New York (Medical Department of Columbia University), New York.

229. Geneva Medical College, Geneva, N. Y.
230. Albany Medical College (Medical Department of Union University), Albany, N. Y.
231. New York University (Medical Department of University Medical College), New York City.
232. University of Buffalo, Medical Department, Buffalo, N. Y.
233. New York Medical College, New York City.
236. Metropolitan Medical College, New York City.
239. Long Island College Hospital, Brooklyn, N. Y.
240. New York Homeopathic College and Hospital, New York City.
241. Bellevue Hospital Medical College, New York City.
242. New York Medical College and Hospital for Women, New York City.
243. Eclectic Medical College of the City of New York, New York City.
246. Syracuse University, College of Medicine, Syracuse, N. Y.
251. Hygelo-Therapeutic College of New York, New York City.
- 251A. The University and Bellevue Hospital Medical College, New York City.
254. Leonard Medical School (Medical Department of Shaw University), Raleigh, N. C.
255. Medical College of Ohio (Medical Department of the University of Cincinnati), Cincinnati, O.
256. Worthington Medical College (Medical Department of Ohio University), Worthington, O.
257. The Cincinnati Medical College, Cincinnati, O.
258. Willoughby University Medical Department, Willoughby, O.
259. Physio-Medical College (Cincinnati Literary and Scientific Institute), Cincinnati, O.
260. American Medical College, Cincinnati, O.
261. Medical Department of Western Reserve University (Cleveland Medical College, Medical Department of Adelbert College of the Western Reserve University), Cleveland, O.
262. Eclectic Medical Institute, Cincinnati, O.
263. Starling Medical College, Columbus, O.
264. Homeopathic Hospital College, Cleveland, O.
- 264A. Cleveland University of Medicine and Surgery, Cleveland, O.
265. Cincinnati College of Medicine and Surgery, Cincinnati, O.
266. Miami Medical College, Cincinnati, O.
267. Eclectic College of Medicine, Cincinnati, O.
268. Physio-Medical Institute, Cincinnati, O.
269. University of Wooster, Medical Department, Cleveland, O.
270. Pulte Medical College, Cincinnati, O.
271. American Health College, Cincinnati, O.
272. Columbus Medical College, Columbus, O.
273. Physio-Eclectic Medical College, Cincinnati, O.
274. American Eclectic Medical College, Cincinnati, O.
276. American Eclectic Medical College of Ohio, Cincinnati, O.
277. Toledo Medical College, Toledo, O.
278. Northwestern Ohio Medical College, Toledo, O.
- 278½. Medical University of Ohio, Cincinnati, O.
- 279A. College of Medicine (Medical Department of the National Normal University), Lebanon, O.
